

# Euphorbium compositum SN®

## Summary of Product Characteristics

Nasal spray

**Compositions: *Nasal spray*:** 100 g containing: Active ingredients: Euphorbium D4 1,0 g, Luffa operculata D2 1,0 g, Pulsatilla pratensis D2 1,0 g, Argentum nitricum D10 1,0 g, Hepar sulfuris D10 1,0 g, Hydrargyrum biiodatum D8 1,0 g. Excipients: Disodium phosphate dihydrate 0,02 g, Sodium chloride 0,88 g, Sodium dihydrogen phosphate dihydrate 0,0628 g, Water, purified 93,0372 g.

**Indications: *Nasal spray*:** Rhinitis of various origins including infectious, allergic (e.g. hay fever), and rhinitis sicca. Acute or chronic sinusitis.

**Contraindications: *Nasal spray*:** Known allergy (hypersensitivity) to one or more of the ingredients.

**Special warnings and special precautions for use: *Nasal spray*:** None.

**Side effects: *Nasal spray*:** Like all medicinal products, this homeopathic medicinal product can cause side effects, although not everybody gets them. In isolated cases transient local reactions or irritation of the nasal mucosa have been reported.

**Interactions with other medication: *Nasal spray*:** No interactions have been reported, and none are expected due to the homeopathic dilutions.

**Pregnancy and lactation: *Nasal spray*:** For this product no clinical data on pregnancy and lactation are available. Homeopathic dilutions of the substances present in this medicinal product are not known to be harmful during pregnancy and lactation. No adverse effects have so far been reported.

**Effects on ability to drive and use machines: *Nasal spray*:** No effects on the ability to drive and use machines have been reported, and none are expected due to the homeopathic dilutions.

**Dosage: *Nasal spray*:** Standard Dosage: Adults (and children 12 yrs. and older): 1–2 sprays into each nostril 3–5x daily. Pediatric: 2–5 yrs.: 1 spray into each nostril 3–5x daily; 6–11 yrs.: 1 spray into each nostril 3–5x daily. Acute or Initial Dosage: Adults (and children 12 yrs. and older): 1–2 sprays into each nostril every ½ to 1 hr. for the first day up to 8x, and then continue with standard dosage. Pediatric: 2–5 yrs.: 1 spray into each nostril every ½ to 1 hr. for the first day up to 6x, and then continue with standard dosage; 6–11 yrs.: 1 spray into each nostril every ½ to 1 hr. for the first day up to 8x, and then continue with standard dosage. Method of Administration: For each application, spray the recommended dosage into each nostril. For hygienic reasons it is not recommended to share the use of the same product with others.

**Overdose: *Nasal Spray*:** No cases of overdose have been reported, and none are expected due to the homeopathic dilutions.

**Package sizes: *Nasal spray (9965)*:** Atomizer without propellant, 20 ml.
